## **ISI Announces Westpac Inc. as our Distributor in Korea**

SANTA CLARA, CA – April 9, 2021: Integral Solutions International (ISI), the world's leading manufacturer of MRAM and Magnetic Sensor testers for over 25 years with an installed base of over 1,000 units, is pleased to announce that Westpac, Inc. has joined ISI's worldwide support and distribution team.

ISI developed the world's first commercially available MRAM Wafer Tester in 2009, and has the largest installed base of this equipment. As markets for MRAM, Magnetic Sensor, and other magnetic-based semiconductor applications emerge worldwide, ISI recognizes the need for offering local sales and technical support to these expanding territories. Westpac Inc. is an excellent fit to provide this growing representation, and ISI is excited to utilize their service to strengthen its dominant market position in the MRAM industry.

### About Westpac Inc.:

Founded in 1990, Westpac Inc. has been serving the Korean and North American markets for over 30 years, providing manufacturing equipment and solutions for the semiconductor and display industries. With MRAM technologies gaining momentum, combined with ISI's expertise, Westpac is both prepared and poised to address new manufacturing solutions for the MRAM and Magnetic Sensor industries in Korea. By providing the latest technology and solutions, Westpac's mission is to provide dedicated support to customer's needs.

With Westpac Inc. having offices in both Korea and in the heart of Silicon Valley, where ISI's main facility is also located, Westpac Inc. is uniquely and ideally suited to advance ISI's innovative measurement capabilities throughout Korea.

To contact Westpac Inc. please visit their website at [www.westpac.com](http://www.westpac.com), or feel free to contact ISI to arrange an introduction.

### About ISI

Integral Solutions International (ISI) is a privately held California based US Corporation, established in September 1995. ISI provides worldwide customer support in the United States, Japan, Korea, Singapore, Malaysia, Thailand, Philippines, China, Taiwan, and Hong Kong.
